KIAH RIGNALL MEMORIAL SCHOLARSHIP

Proudly supported by Family and Friends of Kiah Rignall

There are many scholarships that are available through the college and its partners, but this is the first of this kind, set up by the family and friends of such a fantastic teacher, who was a cornerstone of the school community for over 8 years. The fund will acknowledge and commemorate Kiah as a person who chose to give so much to education, Gilmore College and her students over her career. Her legacy lives on through the lives of the young women she guided through their teenage years. This scholarship aims to be a continuation of Kiah's commitment to mentoring those students who may otherwise get lost in the education system. Kiah's commitment for supporting both the educational and personal needs of her students was something she took on without the need to seek acknowledgement or approval but was an absolute credit to her personally.

Kiah is a sadly missed member of the school community. Her passion for education and her support of the 'underdog' was widely recognised by staff and students. She was always approachable and available to all and her friendly nature, good humour and strength of character will be an integral part of her legacy to the Kwinana community. The scholarship will be a pathway to future careers and opportunities for students who may otherwise not realise them.

The scholarship will be awarded to a female student who does not have the resources available to achieve her full potential, or complete her education, or both, at Gilmore College. It is not intended to be based on academic performance or the intended vocation. It was always Kiah's desire that all students be given the opportunity to complete their secondary education. This scholarship enables her family and friends to ensure that each year, one student from Gilmore College will benefit from her memory and ideals. The scholarship will be valued at up to \$2000 spread over Years 11 and 12.
